

Antipasto e Chiacchiere

Prepare and bring your very own Italian “stuzzichino” and share with everyone your recipe and preparation method.

Each student needs to find an Italian nibble of their liking, make it and bring it to class, with a printout of their recipe (in Italian). For two hours we will chat about our recipes, eat and watch a few videos on some Italian “gustosi stuzzichini”, and play a couple of fun “food games”.
